

*Now the light of Glory arises like the sun that shines on high. Now awaken into freedom, O revive you spirits O revive!*

*Wake the mountains and the vallies, bring alive the springs of the earth. Light the world forever with the light of your rebirth. Light the world forever with the Light of your rebirth.*

*Blessing of Glory National CIG Anthem*

Greetings!

Thanks again to the dozens of brothers and sisters who have written me regarding the Family Federation's (aka HSAUWC's) attempt to use a trademark complaint against Hyung Jin Nim's videos on YouTube to silence

his ministry. Here are two emails that represent the sentiments of many of the writers:

*I was speechless when I heard about the lawsuit. It represented so many levels of immaturity, lack of basic insight into human nature, fallen nature, repeating of bad Christian history, etc., that it just about blew my circuits.*

*Thank you for sharing the latest re: the legal action from the church against Hyung-Jin Nim. My understanding is that True Mother said there should be no more lawsuits. What gives? The church is not even using the logo. It amazes me that the church would go so far to oppose what HYJN is doing. I will be taking a closer look at this.*

While none of the videos can be seen on the Sanctuary Youtube channel, here is the **most recent censored sermon, "Our Strength Is in the Lord"** where Hyung Jin Nm explores the historical context and worldview of True Father's ministry without which we cannot understand Father's teachings, and Yeonah Nim discusses the difference between Cain-type nations where "might makes right" which use brute force to subjugate people and the nations established by God. Cheon Il Guk means "2 becoming 1" under

God's spirit, beautifully expressed in the original national CIG anthem written by Father when he was released from prison.

Our Strength Is in the Lord - August 2, 2015 - Rev. Hyung Jin Moon

Here are two sites where Sanctuary Sermon videos can be viewed and downloaded. <https://vimeo.com/wpus>. Since many of the videos can also be seen on the [Sanctuary Russia Youtube Channel](#), it may be that there is

currently more religious freedom for Unificationists in that formerly Communist country, than in the USA. (Also, since there are Russian subtitles you can brush up on another foreign language...)

If HSA tries again to shut down Hyung Jin Nim's sermons or you want to listen to them while running or working out, you can always listen to the them at [Sanctuary Sermon Podcasts](#).

Yesterday I received the following email about Hyung Jin Nim's right to use the 12 gate Unification symbol which the Family Federation abandoned two years ago.

*Hyung Jin Nim, more than anyone (with the possible exception of TF), has popularized the well-known Twelve Gate symbol, especially since he started wearing the pendant around his neck years ago. Very few (if any) other members of the extended Moon family, or even the elder members from Korea for that matter, are ever seen wearing that symbol on their person, not even a ring! Have you noticed this?*

*Besides the attorney who is pressing action, who else exactly is behind this move. I doubt that Hak Ja Han would take such an initiative because she has reportedly called for a ceasing and dropping of all lawsuits.*

*Has our legal system become so corrupted that people who have enough money now feel that they can use the system to exert their arbitrary will upon others?*

*If Pastor Moon is deemed unqualified to use his Twelve Gate symbol, then none of us should feel so entitled to wear it!*

What more needs to be said?

May God bless you and your families!

Sincerely,

*Richard*

The term "Sanctuary Church" is short-hand for "World Peace and Unification Sanctuary" which are written in the calligraphy on a scroll presented to Hyung Jin Moon by his father, Rev. Sun Myung Moon. The purpose of the "World Peace and Unification Sanctuary, Inc."

is to "preserve and propagate the teachings of Reverend Sun Myung Moon."
