"When Hyo Jin was alive he said to me, "Father, I feel sorry for you. Why is Mother not listening to you, and doing her own thing?" 2012.1.19 HDK

Greetings!

In this week's sermon, Hyung Jin Nim discusses how the Family Federation adopted a new "only begotten daughter" theology and relativist viewpoint in order to make the foundation for a "new Vatican" in Cheong Pyeong, and in so doing "making war on the Lamb, Christ who is the King of Kings." One reason most brothers and sisters don't know about these actions is because Peace TV "blackouts" content they believe is "too sensitive" for members to know about.

Hyung Jin Nim shares about an email he recently received from a Korean member who attended Father's Hoon Dok Hwe on Jan. 19, 2012. In this email he explained that the Peace TV and History Compilation Committee chose not to record Father's strong words that morning. Fortunately, this brother took notes of Father's HDK that morning, which Hyung Jin Nim discusses in passionate and moving detail.

2012-1-19 Hoon Dok Hwe Notes

As usual this day also after the HDH reading, True Father spoke. But what was unusual was that his talk was about True Mother. His words were frank and painful, filled with fire and regrets. Those present were embarrassed. Here were some of his points:

- * "True Parents of Heaven, Earth and Humankind" is not two as Father and Mother, but one.*
- * Mother is Father's platform. Just eating with and following Father around does not automatically makes her True Mother.*
- * Acting separately will cause doom and death.*
- * Those who do not respond to Father and just hang around Mother are villains.*

** Do not brag about Anju (Mother's*

hometown) and the family name Han. If you do that you don't become True Mother.

** Mother is going her own way like a Dokkaebi (negative spirit/monster). She is not walking the same road as Father.*

** You villains (True Children, executive aides and church leaders [mentioned by name]) are following Mother and walking a different path than me. Villains!*

** Anyone who follows Mother and thinks he doesn't need Father is a rootless Dokkaebi.*

** Only Heavenly Father is with lonely Father.*

** For Mother to say "Don't listen to Father, listen to me" is a more frightening than Lucifer.*

** I am all alone now. I don't have any sons or daughters. Mother plays her own game.*

** When Hyo Jin was alive he said to me -"Father, I feel sorry for you. Why is Mother not listening you, and doing her own thing?"*

True Father proclaimed: From this time on Mother has to absolutely obey Father. Then Father asked Mother who was sitting next to him to stand up and go to in front of the table face Father. Then True Father called Drs. Jun-Ho Seok, Sun-Jo Hwang, Jeong-Lo Yoon, and Hyo-Yul Kim (Peter Kim) to the front to make a line behind True Mother and made all raise hands including all Hoon Dok Hae participants to pledge absolute obedience. True Father repeatedly urged True Mother to answer "□(Yes)". He then asked everyone to raise their hands and clap to confirm they knew Father's will and seal this special ceremony.

PS: Because cameras and tape recorders were not allowed, I had to check with several who attended and have faithfully recorded what transpired as best I could until the Weekly Planning and History Compilation Committee can provide a detailed record.

Hyung Jin Nim explains that those at the palace who spoke about uplifting Father as the Messiah were bullied by "thought police" who told them they shouldn't be talking about Father anymore. This was the time only to honor the reign of "victorious True Mother." Such "thought police" were following the precedent of Mother herself.

Erasure of Father's strong and controversial words because "it would damage our image" is shameful, Hyung Jin Nim said, explaining, "We don't care about our "image," we care about the truth."

The fate of humanity rested on Mother's choice. Like God, Father did not intervene with Mother's choice. That is why Eve is represented by the Tree of the Knowledge of Good and Evil. Sadly, Mother chose to separate from Father, who was judged to be "senile."

WARNING: The following paragraph refers to "Absolute Sex" which FFWP says must NOT be taught anymore.

The sermon concluded with an honest and even humorous discussion by Hyung Jin Nim and Yeonah Nim about Father's Absolute Sex teaching. As the Divine Principle teaches, the only thing more powerful than the Principle is love. Physical intimacy are viewed differently by men and women, but passionate, respectful love between husband and wife chases out the challenges and stresses that all couples experience and protects the precious lineage.

This is the "Special Ops" and heavenly "Swat Team" of Blessed Couples that chase out infidelity and mistrust that characterize Satan's Kingdom.

We received many emails after last week's sermon, including the following one from a brother in New Zealand about the 2 CIG's- the "Covenant in God" and the "Calf in Gold."

Just reviewing an earlier letter re the ceremony to bequeath the 8 Great Sacred Texts. I started thinking about Moses coming off Mt Sinai with the 2 sacred texts to find the people worshipping a golden calf. Moses went up the mountain for forty days returning with the Covenant in God (CIG) to find the people worshipping a Calf in Gold (CIG). The people had lost faith and began worshipping the false CIG. Now we have Father who bequeathed to us the Eight Sacred Texts, goes up to Spirit World, and down below the people start changing the true CIG scripture (Covenant in God) to the false CIG scripture (Calf in Gold) and we start 'worshipping' this fraud version. As it was for the Israelites, judgment will come.

We received two letters from Jim Stephens, who with his wife Hiromi, served as Blessed Family Department directors for the national FFWPU for several years. To read Jim's letters, and several others we received, visit our new

I wrote the following letter in response to a letter that was chastising Hyung Jin Nim for speaking about Mother as the "Whore of Babylon" for departing from Father in order to unite with Kim Hyo Nam. In Revelations 17, Babylon is guilty of committing "fornication" and is a "whore." *In the Bible, fornication is the act of committing adultery against God by mixing with Pagan nations and practices (traditions) and going after other gods.*

Imagine you were Hyung Jin Nim

Imagine that you were Hyung Jin Nim and that you believed what your Father/True Parents said about you in numerous public events from 2008 to 2012, that you are the heir/successor of His/True Parents' work, not in the future, but now.

You are working to bring health, renewal and change to the UM in Korea and Japan, with encouraging growth in membership and respect from Korean media, government institutions, but as your Father is getting ill, you see indications that your own Mother is working with church leaders to change key words and covenants that Father said not to change. You also see hundreds of millions of dollars of blood money from Japan being siphoned off by the same person who is said to be "channeling" Mother's mother as well as by other "leaders" whom Mother trusts.

You ask her on your knees many times not to make these changes. She is angry that you insist on obeying Father instead of her Cheongpyeong-centered "innovations" and has you fired from all of your responsibilities in Korea. You are sent to America where you hope that positive change can happen because of American brothers and sisters' character, history and Christian foundation. You create local and regional councils and you start speaking and teaching to ministers and members about Father's Absolute Sex teaching.

Instructions come from your Mother through her proxies that teaching about Absolute Sex must stop immediately. Soon after you are fired from your position in America, with the demand that you come back to Korea and bow down to the same people who are desecrating your Father's words. Some of them tell you to pretend to agree with what Mother is doing and then you will take power after she goes to spirit world, but your conscience won't let you do that.

You move your family to rural Pennsylvania and spend time communing in the outdoors all night with God and Father, holding worship services in a very bare living room, making effort to connect strongly with Jesus and Father. Brothers and sisters start to come to your worship service even though the church headquarters warns them not to go.

Your Mother continues to claim that she monopolizes Father's will and has the authority to make all kinds of changes that converge on people needing to liberate more of their ancestors by sending more of their savings to Cheongpyeong. She starts to sit on Father's throne since she IS True Parents. She starts to teach that she was born sinless (change of blood lineage in the womb), implying that she did not need to meet your Father, Sun Myung Moon, to be the "only begotten daughter of God."

You realize that, even though you have barely enough resources to take care of your family, if you do not speak strongly to brothers and sisters around the world, that your Father's words and teaching will be erased/"polished" from the earth. You know that you will be judged as a disobedient son who was "angry," "impatient," and "power-hungry." But if you don't speak out, brothers and sisters will lose their connection to the Messiah's lineage and his foundation hijacked to support a "palace" and a

place where people "pay" to have their sins removed.

But you speak out anyway, feeling God's love and protection despite the storm around you. At least you and your wife are totally united in a desire to honor Father's will. You and your family will serve and honor the Lord of the Second Advent, even if your Mother and most of those who promised not to change Father's words, threaten, mock and scorn you. You believe that God will work, and He does...

Finally, here is a **testimony written by my wife after the Unification Sanctuary Blessing on 8/30/15.**

Looking for the Newfoundland small bridge. In the distance I can see clear, pure water running down the mountains and a 7 color rainbow reflecting off of the lake.

Dear Abonim,

The third anniversary of your ascension has come. We are holding a memorial at the Sanctuary Church. We are a little anxious, but we are making effort.

I hear your voice, "I have already been there at the Sanctuary Church for three days. I prepared everything. Everything is ready. I have called brothers and sisters from all over the world. The ones I can trust are coming."

When I heard your voice, I knew you are working hard on the frontline, as always. I remember you slept only a couple of hours a day when you were on earth. Now that you have moved to the spirit world, you are working 10 times harder. You are traveling all over the world, but when we have a difficult time, you remember to show your face to us.

God is looking for a pure group. On the morning of August 30, I was walking around when a squirrel dropped a couple of acorns in front of me. Several birds started to sing. I said to myself, "the Creation is happy today."

We rushed to the church. Already many hardworking brothers and sisters were there. I knew many had been following True Parents for 30-40 years. Their spirits shined like diamonds.

I remember Hyung Jin Nim saying that once on his birthday, Abonim told him that at age 33 he would have to go on the cross, his age when he was fired from all of his positions by the Family Federation.

It was unusually cold in the early Spring when Hyung Jin Nim's family arrived in an empty house whose bare rooms had no furniture yet. Each night he stayed outside in the subzero weather with just one blanket, praying and watching the stars. Later he said, "Father is in a difficult, cold place now, so that is where I want to be."

He spent a lot of time in nature, where the only beings his size were bears and deer. Spring came and then summer. In the blazing sun he was cutting down trees to build an outdoor "house." This became survival training for his four sons and daughter.

Abonim used to talk about how female salmon swim hundreds of miles back to the place of their birth, full of eggs. After leaving their eggs on gravel beds, the salmon lay exhausted, with no more energy left and die.

When one of our children are having a hard time, a mother prays, "please help my son, even if you have to take my life."

On August 30 the whole world was watching. Many brothers and sisters

said they could see Abonim speaking through Hyung Jin Nim. When Kook Jin Nim was crowning his younger brother, I could see Father's hands helping to place the crown. They were all shedding tears. So was I.

Miho Panzer

May God bless you and your families!

Sincerely,

Richard
