

Ask of Me, and I will give you the nations for your inheritance, and the ends of the earth for your possession. You shall break them with a rod of iron; you shall dash them to pieces like a potter's vessel. Psalm 2:8

The purpose of a church is to find and establish God's nation; it is not to find and establish a church. God's original ideal for creation was to establish one world centered on a nation. Hence, the destination of the church is to find that nation. CSG 1041

Greetings!

Hyung Jin Nim spoke about the catacombs, caves carved out in the 1st century AD, where Christians lived underground because of Roman persecution. They were said to drink the blood and to eat the flesh of their founder, Jesus.

Many Christians are expressing strong expectations of the return of Christ. They do not realize that the new kingdom must be like the Garden of Eden where God committed to absolute freedom, not like past satanic kingdoms.

Our stratified culture gives little respect to hardworking, honorable men, often despised by elites and trendy techies, are doing the work of making sure our electricity, heating, and plumbing are functioning, that our roads are plowed, and our Internet keep working. These are often the most awake to God's culture and the need to defend that.

Jesus used harsh words. He was not "politically correct." He was also like a loving Father embodying God's love and forgiveness. When he returns what kind of kingdom will he establish? Heavily regulated? Will he rule like a tyrant? No, that would be against the nature of God. There is no greater love than to lay down your life for your neighbor. All Christian churches are invited to join *Peace Police Peace Militia* training.

But not one Christian minister is teaching about the Rod of Iron. They have no idea of how the Kingdom will be governed. With free markets, one becomes prosperous through serving. Evil will be harshly punished, but only after due process.

We will be co-heirs with Christ, and appointed as judges. But many do not have the mentality of inheritors. Instead they have a slave and welfare mentality

expecting God to take care of them. When he grew up in North Korea, True Father saw 5 year-olds hung in the streets because they did not obey the government officials. He opposed totalitarians.

The fundamental question is who will exercise force? Political Satanists or free citizens?

In Cheon Il Guk, the federal government will be prohibited from owning property. A crown represents the legitimacy and authority of the Kingship lineage. We must teach a lifestyle so that our children can defend themselves. In recent shootings, just the fact that an individual shot back stopped the terrorists from continuing their rampages.

Hyung Jin Nim showed [a video by Colion Noir](#), an advocate of Blacks and other citizens using weapons, who stated, "*America is one of the few countries where citizens are allowed to own and use weapons. I could have freed my ancestors with this ferocious power, could have stopped a mass shooter, taken down kings, etc.*"

[Colion Noir, NRA-TV](#)

Koreans were dominated for centuries and enslaved. The idea that people should be disarmed is medieval thinking. Centralized power created false Kingdoms. Which is the safest place? Where good people can have power or where they are stripped of power?

The first business that True Father made was an airgun factory (see photo above of church members with guns). Later the Vulcan cannon, high-powered machine guns. He knew that South Korea must be strong. In the 1960s the idea of Armed Asians was so controversial. True Father had all of his children learn how to shoot. Any loving father wants his children to be safe.

At the 10 hour deposition with the Family Fed and UCI lawyers, they tried to guilt-shame him about photos of armed Sanctuarrians, but there is nothing to be ashamed about. In Europe there are many restrictions on owners of gun clubs speaking about the right to bear arms. We do not appreciate how free we are here in the U.S.

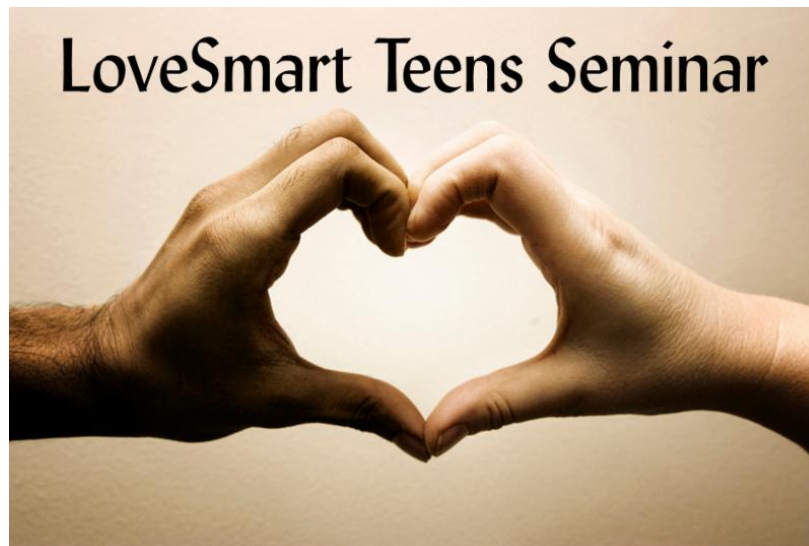

Slaves were never allowed to own private property or weapons. A Christian hymn talks about being "no longer a slave to sin." We must stand as the shield for the Kingdom of God by creating a "hedge of protection" God has not given us a spirit of fear, but rather of power, love and a disciplined mind. We can have humility, but must not diminish our own God-given authority as co-heirs with Christ. *For the sake of others we must embrace the rod of iron.*

Churches have become feminized, catering to women's emotionalism, not to the responsibility to protect and defend against the wolves. But that must be the fundamental nature of the Kingdom of God, where the sheep-dogs are ever vigilant.

Going Before the Father
by Don Herd

In our sixties we usually become more serious about one thing, our final moments and our preparations for that time. We really don't want to be making dramatic transitions or coarse corrections in our life at that time. As we were reading one night this passage came out (written above). For members who have been investing their lives doing what they think is good, going to spirit world and

transferring into hell awaiting evaluation. Ideally we should live in Heaven on earth before this point, and then the transition would be easier. Even being accepted under the true authority, are our past deeds or our fallen mind becoming a blockage to our smooth transition. This time we think of the Christmas Story and the ghosts of Christmas past. Have we passed by those in need? Have we done enough to ensure our mind will be at ease during this transition time? Has our short comings been forgotten by Heaven like a forgiveness ceremony? On the balance between good deeds and evil deeds, are we even balanced or is one side far greater than the other side. We should even at this late hour come into a realistic picture of what we have done in our lives.

(rest of Don Herd's essay)

**"God and the American Story" Presentation by
Richard Panzer**

Overview of competing stories of America, promised land vs. land of oppression. Vision of founding fathers vs. multicultural leftist movements in the U.S. today. Wider cultural and philosophical environment discussed and importance of Judeo-Christian foundation.

"Sanctuary Church" is short-hand for "World Peace and Unification Sanctuary" which is from calligraphy on a scroll presented to Hyung Jin Moon by his father, Rev. Sun Myung Moon. The purpose of the "World Peace and Unification Sanctuary, Inc." is to "preserve and propagate the teachings of Reverend Sun Myung Moon."
