Today is the **10th anniversary of the Benediction of Hyung-Jin Moon and**

**Yeon-Ah Lee by True Father on April 18, 2008 at the Cheon Jeong Peace Palace.** Here is his poetic and heartfelt prayer:

*Heavenly Father, we welcome the era of a tranquil evening. The era of night has come in which the creation may sleep and find rest. Father, people were unaware of the fact that when midnight comes after the passing of early evening, the shining hope of tomorrow that is the True Parent, the True Teacher, and the True King, the representative of the kingship of hope, and the authority of the heir to that kingship, is here.*

*Nothing will remain for the Unification Church. Everything from the days gone by shall pass. What we should live for now is in having our families carry on the foundation of a family of joy, which was not established in Eden centering on God and True Parents. We know that this responsibility remains not with God or True Parents but with us.*

*Know that they have inherited all the foundations enabling the conditions of indemnity to be laid, inherited the authority of the representative and heir whom True Parents' established with all their strength, and inherited True Parents' altar of victory that allows them to become-without blemish-owners, as individuals, before the Republic of Korea, owners of a blessed family, and owners in the position of teachers who can govern a nation.*

*In order to dissolve the traces of the shadow of the Fall from babies that will be born from the womb, a time of the mother and father must be ushered in when God can pray for, protect and raise them with greater devotion from the time of caring for the unborn child in the womb more than us, more than any parent on earth.*

*Let this couple be the son and daughter who should undergo labor pains while embracing this world again and who can carry on the way of loyalty and filial piety with the intention of inheriting the realm of inheritance of True Parents' liberation and inner emancipation.*

*Hyung Jin Moon and Yeonah Lee (Hak Ja Han also says "Yeonah Lee," three times), these two, this son and daughter, a couple, are standing before the True Parents. At this time of transition today, this occasion is one where they can inherit the authority as the representatives and heirs who can attend to everything on behalf of True Parents.*

*Therefore, let that realm of heart, which You were unable to experience, of blessing the son and daughter that did not Fall in Eden, be carried on again to the era of the ideal heaven of the fourth Adam and all the way to that era where we can enter a time where we can assert ourselves in liberation and complete inner freedom, and govern everything centering on God. This, Father, I fervently pray.*

*True Parents know that it will not be easy for these two, this son and daughter, to teach the authority that they inherit and hold on behalf of True Parents.*

#### **My Spiritual Experience with True Father.**

**March 22, 2018 by Gilson Oliveira**

**Introduction:** A few day ago, I had a lucid dream; I was walking on a road in a countryside town when I became conscious. I noticed that the houses of the city started to decompose and the whole scenery became dark and ugly, I felt the desire to fly away, and when I felt the desire to fly away someone came from behind and touched the palms of my hands with the palms of His lifting me very fast towards the sky.

I felt uncomfortable since it was a strong presence with so much power and determination, so I asked three times "who are you?" and had no answer. I woke up and looked at the time on my alarm clock, a habit of mine. I usually do this to identify the nature of the spirit. For some reason high spirits like providential numbers. The clock said 12:12 AM. On the following day, I felt the presence of True Father. I also felt the desire to go fishing. I woke up early and did go fishing.

**The Spiritual experience:** I woke up around 4:20 Am but decided to sleep a little more until 5:00 Am. I immediately had many lucid dreams, most of them in old cities in Europe and China, and then I finally returned to a house somewhere in Europe where I climbed the stairs into a large room in an attic. The room was full of beautiful handcrafted wood works over wooden tables. It had a kitchen at the end of the room, and my beautiful wife was there cooking. Then I saw True Father. He appeared young to me, probably around 20 years old. There was so much joy and love in Him that I cried out of joy and called my wife. I told her "look, Father is here!" I was so conscious that somehow I knew that I was in my bed, so I tried to tell my wife who was sleeping beside me. She actually woke up with the sounds of me calling her and talking, what she later described as "gibberish." She realized I was sleeping and went back to sleep.

The Message: Father knelt down on the wooden floor and I sat on the floor with my legs crossed in front of Him. Father said that guns were used in Europe and China to make revolutions centered on matter or with the intention of accumulating riches, and for that reason, they lost the right to have guns. However, the American Revolution was centered...

"Sanctuary Church" is short-hand for "World Peace and Unification Sanctuary" which is from calligraphy on a scroll presented to Hyung Jin Moon by his father, Rev. Sun Myung Moon. The purpose of the "World Peace and Unification Sanctuary, Inc." is to "preserve and propagate the teachings of Reverend Sun Myung Moon."
