

Now when they had departed, behold, an angel of the Lord appeared to Joseph in a dream and said, "Rise, take the child and remain there until I tell you, for Herod is about to search for the child, to destroy him." And he rose and took the child and departed to Egypt and remained there until the death of Herod. This was to fulfill what the Lord had spoken by the prophet

Then Herod, when he saw that he had been tricked by the wise men, became furious, and he sent and killed all the male children in Bethlehem and in all that region who were two years of age and under, ascertained from the wise men. Then was fulfilled what was spoken by the prophet Jeremiah: "A voice was heard in Ramah, weeping and loud lamentation, Rachel weeping for her children because she refused to be comforted, because they are no more." Matthew 2:13-18

Christmas is truly the celebration of the birth of God's son, but without knowing God's purpose for sending him there cannot truly be a celebration of Christmas. I have described what Jesus himself. Would he have thought that he didn't need anyone else to help him rule the world as Messiah? Or would he have thought he would need a wife, in-laws, children and grandchildren? Don't you think Jesus felt he needed to be exemplary in all human relations on earth and should occupy every position a human being could have- parent, grandparent, in-law, etc.

Many Christians think that Jesus was God Himself, so he didn't need anyone and only worked like a machine. You are so-called Moonies, whom people say are not true Christians supporting a revolutionary concept; modern Christian leaders would be knocked out by what I am saying this morning. There are two major schools of thought-the conventional school and the revolutionary school. After praying many hours to find out the truth about this, I think that Jesus would like my thought.

You are ordinary U.S. citizens, yet you want to become President so you can bring this nation to the side of righteousness. Wouldn't Jesus, as the Messiah, be thinking of the world and grandparent? One religious camp teaches that Jesus came to die, but the other teaches that Jesus was sent as Messiah to bring salvation by being the father of mankind and bringing the Christmas celebration would God and Jesus want to attend? SMM, "The True Meaning of Christmas," December 25, 1979.

Greetings!

Hyung Jin Nim started the Sunday service by speaking about the wonderful Chanukah celebration prepared by Pastor Cook on Saturday. [The holiday honors the Maccabees](#) who repelled the despotic Seleucid Empire and cleansed the defiled Temple of pagan gods 160 years before the coming of Christ. John 10:22-23 reports that Jesus attended such a celebration.

True Father felt joy when Christian leaders, whom he viewed as the prepared chosen people, accepted him, but Korean leaders often felt jealousy. They unfortunately saw everything through the lens of politics. True Mother Kang, as a committed Christian, was different. She acted out of a love for the returned Christ and, after Father's passing, for his anointed son.

Many former leftists in the U.S. joined the UC. This came to the surface with the rebellion of the Han mother. She was not grateful. A Godly mother expresses gratitude for her husband. The Family Fed leadership used feminism as a hook for her resentment, saying things like "women can do it much better than men" and "men are so selfish," showing their contempt for Father and for masculinity in general.

When Christians suffer, they think of the suffering of Jesus on the cross. Everyone will encounter traumatic events in their lives. The life of Christ gives a valuable context through which to view suffering.

It is not healthy for a young adult man to live with his mother. He cannot learn how to be a man through a woman. He needs other men. That is why some even go into gangs. Women tend to value harmony and agreeableness, which are important, but masculine strength, competitiveness and combativeness are needed to provide for and protect God's Kingdom.

God said it's "not good" for man to be alone. Mothers may think their son needs to make a material foundation first, but delaying his independence and marriage often makes things worse, leading him to become more individualistic and dependent on his mom. Much. Marriage forces you to grow.

It's important to have dominion over the words you say. As the Bible says, the tongue holds the power of life and death.

Young women should realize that you won't be in your 20s always. You will live for 40 or more years after. Focus on good men, not only those because of their charisma. Young men can grow and transform, especially if around good, strong men who train them. Their character and habits often looked down on for their simple lifestyle, but many of them are extremely wealthy. Don't make money your god. Keep the relationship with money.

What Level Is Your Parenting? (Sunday Service 12/22/19)

In their 40s, women may look attractive, but with 97% of their eggs dead, it is more difficult for them to have children. Yeonah Nim was with whom she invested in and who now honor her. It's like girls who are given \$1M in their teen years, but \$50K withdrawn every year. By age 40 their resources are gone.

Men have to fight against the temptations of the succubus. Women have to resist the temptation to become a protective mother hen for sons. Parents, ask yourself- how am I doing on my parenting level? When in stress it's easy to unthinkingly go down to the baseline of how you were when you were a child.

Hyung Jin Nim prepared his children for their roles in public ceremonies. It's not good for boys to have the same level of anxiety that their mothers have. The devil will be afraid of. Don't let your children manipulate you. Men need something to fight for. Remember there is no perfect time of day to do anything.

This is the reason why True Father said to marry young and have children when you are young. The Mormons in their 1,300 mile trek to California during a brutally cold winter. Within 200 years they now own the state of Utah. Their children learn to save money for their one year missionary trip to China.

country.

European countries have extremely low birth rates (much less than replacement rate of 2.1 per woman) except for Muslim families which have a culture brainwashes us to view children as burdens. You need to guide your children properly, to prevent satanic invasions. Spend one-on-one time with saying 3 good things about them.

The Han Mother said in public how much she loved True Father, but in private expressed a lot of anger and bitterness towards him. This pattern. Many Korean moms get away with acting nuts. Keep your public life and your private life as aligned as much as possible.

True Father often used scatological language, cursing the devil. Would you be prim and proper with someone invading your house? Martin Luther King Jr. Catholic Church with such language. Cops are trained to use dominating language to subdue criminals. But Father's translators were told to hide this. Now the Family Fed is trying to set up a universal matriarchy with her as the "mother of the universe." That is why she does not support the 21st century with just women. In contrast, a Godly patriarchy is a good patriarchy.

If you can't confront your wife sometimes for disrespecting you, she will treat you as a child, and then be angry for you not leading. It is hard for a spouse. It's important for women to be able to be self-critical and not blame all on the father.

New Revelations from the "Mother of the Universe"

I must express my gratitude to the Han Mother for increasing my attention to Divine Principle and Father's teachings. The latest motivation came from reading the [transcript posted by the FFWPU of her speech in Niger on November 28, 2019](#).

She states "Christianity began after the Pentacost when the apostles waiting for Jesus witnessed his rebirth through the Holy Spirit." According to her, it was Jesus who had a "rebirth" through the (feminine) Holy Spirit. This would align with her past statements that True Father became sinless only by meeting her, the Only Begotten Daughter.

According to the Han Mother, providential history was fulfilled, not in 1920 with the birth of the Lord of the Second Advent, which she never mentions, but rather in 1943 with her birth. I'm sure the drafters of a new version of Divine Principle are furiously at work to revise parallels of history to remove the reference to 1920, which she clearly believes is not significant enough to mention in any of her public talks.

She states "Knowing Heaven's circumstances, I could no longer wait for them and rose to the position of True Parent in 1960." At age 17, it was her will, not Father's, that she rose to the position of True Parent. It's not clear whom she was married to in that year. As in other speeches, she goes out of her way to NOT mention Father's name.

She goes on to say that, "It has been seven Cheon Il Guk years since God's Only Begotten Daughter, the True Mother, began a new history." I suppose that is true, since this is a history in which True Father's name is seldom mentioned or honored, and in this speech and in many others not even once.

In the last paragraph of her talk she states the following:

We may see that out there in the world some children are trying to maintain distance from their fathers, but they remain closely united with their mothers. Therefore, please remember that the way to receive eternal blessings from Heavenly Parent is by having your nations and all of you here today become one with God's Only Begotten Daughter, who is the Mother of the universe.

It would seem that it's really not a problem if children are distant from their fathers as long as they become one with the "Mother of the Universe" not by loving and respecting BOTH your father and mother, one of the ten commandments given to the human race through Moses, but this worldview repeatedly expressed by the "Only Begotten Daughter" whose own lips will not say the two words "my husband."

Reading this speech is heartbreaking for me, as I see True Father Sun Myung Moon's second wife demolishing his teachings and re-constructing them. Does anyone in the Family Fed really believe this feminist crap?? If not, why do you go along with it?

The Fall of human beings began with their compliance with a lie, with a false love. Didn't Father teach that we should only follow love that you silently collaborating with the repeated lies spoken by the so-called "Mother of the Universe" since True Father passed? Into whose lineage do you drink her "holy (OBD) wine?"

It has been said that silence is consent, so your silence means that you are a co-creator with Hak Ja Han in her unprincipled claims and actions. If she comes out then she might return to her original stance of honoring the man she once was married to, True Father Sun Myung Moon, who came as the Messiah for lifetimes, but your cowardice only helps seal her in her tomb. And, I am not happy to suppose, you alongside her.
